## DETAILED ACTION

In response to applicant's amendment dated March 7, 2003

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 2 and 4 are finally rejected under 35 U.S.C. 102(b) as being anticipated by Holt (U.S. 3,623,231).

Holt discloses an angle gauge, as shown in Fig. 1, having:

- two arms 10 and 11 (two limbs) that can be pivoted relative to one another, wherein the two arms 10 and 11 (two limbs) define two imaginary, intersecting planes, characterized in that the two arms 10 and 11 (two limbs) are pivotable about an imaginary pivot axis 13 relative to one another, wherein said pivot axis 13 runs parallel to the two imaginary planes, wherein the two arms 10 and 11 (two limbs) can be locked in position, and wherein the arms 10 and 11 (limbs) have a constant, longitudinal cross sectional surface over a width of said two arms 10 and 11 (two limbs);
- wherein the two arms 10 and 11 (two limbs) are substantially identical; and

- wherein the two arms 10 and 11 (two limbs) of the angle gauge have collars 22 and 24 (tongues) projecting arcuately therefrom, which collars 22 and 24 (tongues) rest against one another and guide the two arms 10 and 11 (two limbs) pivotally on one another.

***Response to Arguments***

3. Applicant's arguments with respect to claims 1, 2 and 4 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
